3. Turnaround Time

Smartphone repairs usually take 1 to 2 working days. Laptop repairs usually take 3 to 5 working days. If a part has to be ordered, the repair can take up to 10 working days. Same-day screen replacement is offered for popular smartphone models if the device is dropped off before 11:00 AM.

4. Warranty

Every replacement part and the related labor carries a 90-day warranty from the date of collection. Water damage cleaning carries no warranty because liquid damage can cause faults to appear later.

The warranty becomes void if the device is opened or repaired by a third party after our repair, or if it suffers physical damage or liquid damage after collection.

5. Free Pickup and Drop

Pickup and drop is free within 10 km of a SparkFix service center. Between 10 km and 25 km an additional charge of Rs. 150 applies. We do not offer pickup beyond 25 km. Pickup slots run from 10:00 AM to 6:00 PM, Monday to Saturday.

6. Payments and Advance

For repairs above Rs. 5,000 where a part must be ordered, an advance of 20 percent of the estimate is collected after confirmation. The balance is paid at collection. Repair estimates are valid for 7 days.

We accept UPI, cards and cash. We do not offer cash on delivery for pickup orders; payment is taken at the service center or by UPI link.

7. Cancellation and Refunds

If you cancel before the technician starts the repair, the full advance is refunded. Once a part has been ordered, the 20 percent advance is non-refundable. Refunds, where applicable, are returned to the original payment method within 5 working days.

8. Uncollected Devices

When your repair is complete we will notify you. If the device is not collected within

30 days of the notice, a storage fee of Rs. 50 per day applies. Devices unclaimed after 90 days of the notice may be sent for recycling and cannot be returned.

9. Data Privacy

Please back up your data before handing over your device. Our technicians do not access personal data. If a passcode is needed for testing, we ask you to share it only for the duration of the repair and to change it afterwards.
